Dear Sir/Madam

A329 Reading Road, Streatley. ESSENTIAL CARRIAGEWAY SURFACING

West Berkshire Council's contractor Volker Highways Ltd., will be undertaking the cutting of traffic signal detector loops thus completing the essential carriageway surfacing on A329 Reading Road, Streatley (from the traffic signals to Streatley Footpath 1), as shown on the enclosed plan. Work is programmed to go ahead between the hours of **09:30am and 03:30pm on 27 & 28 July 2022.**

Works will be undertaken with a full road closure and a signed diversion route during working hours. Emergency vehicles will be allowed through the works under site supervision. The contractor will endeavour to provide access in to properties but there could be a small delay at times as works pass vehicle entrances. Information boards will be erected on site and whilst these works are weather dependent, every effort will be made to complete them as per the programme. Should it be necessary to revise the programme, the information boards on site will be updated accordingly. Alternatively, you can view the current status of the scheme by visiting <https://one.network/?129330341>

It would be very helpful if you could also arrange for any deliveries to be made before or after the stated working times.

Please do NOT leave any vehicle parked on the public highway within coned off works areas and No Parking cones. Failure to do so may result in damage to your vehicle or injury to the workforce.

Waste and recycling collections will go ahead on the usual days; however, it is important that your bins and recycling boxes are put out by 6.00 am as collection times may change to suit the works.

Should you have any queries regarding the work, please do not hesitate to contact West Berkshire Council's Customer Services Team on 01635 519 080.

Yours faithfully
